THE DEAR OLD BRICK

### **R. E. Crow**

In consideration of all this man has done, in his first year at Bolivar High, to make our last one here, our happiest one, we, the Class of Nineteen-Twenty-Three dedicate, this, our book, to our true friend and Principal, R. E. Crow.

# Commencement Program

MAY 18, 1923

# CLASSES

#### WILLIAM BECHER

"Bill" is good natured and very easily tickled. He is the President of our class. With his sister he shares the honors of the Presidency of the Katy Literary Society. During basket ball season he not only served as Manager of the team but made a good loyal "sub." His favorite indoor sport is drawing weird sounds from a saxophone.

#### MARGARET BECHER

"Peg" is a living example that good things come in small parcels. She's a bundle of enthusiasm and we find her actively engaged in backing almost every good movement in school. Among the most important of her activities we find that she has been a first class debator, a "peppy" cheerleader, the circulating manager of the annual and President of the Katy Literary Society. Neither must we omit her fine club work and consequent trip to Columbus last fall.

#### ARCHIBALD KLINE

"Kell" is one of our class athletes. In Basketball, Baseball and Track he displayed his skill. He was Vice President of the Senior Class and Asst. Secretary of the Wendat Literary Society. He never worries but always takes things as they come. He is good hearted and co-operates in all activities.

#### ETHEL KLINE

Ethel is the lively little miss of the class of '23. She was prominent in Literary work displaying her musical ability both as a singer and pianist. She has served as our High School pianist for two years. She was Vice President of the Katy Literary Society for one year. As a candy sales-lady she was excellent. In Track and Basketball she also played a prominent part.

#### MARGARET CHARTON

Margaret spent her first three years of High School at North Canton. The class of '23 was glad when this star student enrolled for her Senior year at Bolivar High. Her lovable nature has won for her a place in our hearts. She has shown her talent as Secretary of the Wendat Literary Society, as Pianist for the orchestra, as a debator and assistant editor of the annual.

#### KERMIT BAIR

"Cubby" has acquired quite a business like manner which mixes well with his jolly nature. And why shouldn't he? He has been acting as the business manager of the "Firefly." The Orchestra has thrived under his management as well as the Athletic Association and the Wendat Literary Society. What more can we expect of a "bair?"

#### COSIE HIMES

We know that Cosie's favorite pastime is some form of athletic sport. She is probably the best athlete that has ever graduated from Bolivar, starring in Basketball and Track. However she has ability in other realms as well, and her pleasing manner makes her an excellent leader. She performed the duties of the Secretary for the Katy Literary Society for one semester this year.

#### RALPH HAMMEL

"Babe" and his books are inseparable. As the editor of our annual he has shown that he can act in the making of books as well as in the reading of them. Athletics also share his interests as shown by his assistance on the Track Team last fall.

#### GERALDINE CARLIN

"Dene" has always done her best in every form of school activity, whether it was debate, athletic, spelling or perhaps literary work. Dene was always "on the job." Along with her numerous duties her lessons received their due share of her attention. She was President of the Wendat Literary Society the last semester.

#### WILLIAM REX

"Bili" is our class clown. He is always telling jokes and playing pranks on his schoolmates. In spite of this he can be serious when he wants to. His favorite pastime is tuning up his fiddle. He is a member of the High School Orchestra and has served as Vice President of the Wendat Literary Society for one year.

#### MARGARET PUTMAN

Margaret is a very quiet and modest young lady. She is always willing to do her best and displayed her skill as an active participant in Basketball and Track. She was Manager of the Girls' Basketball Team and Secretary of the Wendat Literary Society for the last semester.

# Senior Class History

## Freshman year 1919-20

With a resounding splash the "Goodship", B. H. S. '23 was launched on the Sea of Knowledge one fine September morning in the year of our Lord 1919, manned by as staunch a crew of fourteen as ever explored those waters. The first day seemed rough to the puzzled mariners who tried to comprehend the new quarters, new schedule, and new instructors. After the second week of sailing we decided to organize and choose our colors. Howard Limbacher was elected President; Ralph Hammel, Vice Pres.; Margaret Becher, Secretary; Verna Laughlin, Asst. Sec. and Kermit Bair, Treasurer. After much debating and discussing, red and white were chosen as our class colors and we have been loyal to them ever since. About midyear all hands took shore leave and enjoyed a good old fashioned sleighing party at the home of Howard Limbacher and also one at the home of Lloyd Hay. As it is rather hard sailing without any finance we decided to give a play. The play given was "Polly Lou" and proved to be a great success with Mr. and Mrs. Lappin for instructors. The money was invested in library books. Altho Supt. I. J. Hoover was not in favor of flying class flags and colors we managed to wear them. Thus ends the log of our first year's cruise.

## Sophomore 1920-21

With eleven mariners we resumed our cruise having discarded the appellation of "Freshman." The class elected Ralph Hammel as Pres. and William Becher as Vice Pres., as our Freshman Pres. had moved away. At Hallowe'en the class gave a masquerade at Vesper Hall. On Armistice day the School indulged in a parade that no spectator will soon forget. The Sophomore class represented Sousa's band which was elevated on a wagon drawn by a horse. That same evening a farewell party was given for a member of our class, Miss Ethel Kline, who left for California only to return again in the spring. In the spring we were called upon to defend our flag as it floated from the mast (belfry) of the Goodship B. H. S. and this was done successfully. In April a High School party was held at the home of Miss Beatrice Minnich (our teacher) at Uhrichsville, Ohio. We were transported in machines and a splendid time was enjoyed by all.

## Junior 1921-22

This year we resumed our voyage with the original number of mariners. Altho three of the original ones, Anna Pfau, Howard Limbacher and Venice Albright had started on another voyage, three new members had come to resume the voyage with us, namely, Lewis Fulton, Freda and Regina Speelman. The Physic class was the class that all Juniors looked forward to with a smile on their faces. The main amusements for the winter were box socials with a few of Mr. Speelman's Spelling bees mixed in. The Man without a Country and The Contest of the Nations were put on by the High School, which proved to be a roaring success under the direction of Mr. J. S. Speelman and Miss Jessie Wilson. This year was a rather hard one for the class for we

did not know if we would graduate. As there were prospects of having four years of High School. The school board decided they would add another year thus making it a first grade High School. My! how glad we were to think we could sail on the Goodship B. H. S. one more year.

#### Senior Year 1922-23

When September came with it came the day when eleven mariners picked up their oars to row thru the Senior year. Our ship was like our home. We knew all the ropes. We elected William Becher, Pres.; Archibald Kline, Vice Pres.; Margaret Becher, Sec.; Ethel Kline, Asst. Sec.; and Kermit Bair, Treas. The class of '23 has had a prominent part in athletics, track, debate, literary and orchestra during their high school career. In many discussions concerning class play, invitations, annual, commencement, etc., Mr. Crow has rendered valuable assistance in settling seemingly hopeless difficulties. We were the first class to publish a Bolivar School Annual. We trust that our efforts in this respect have been worth while and that the people will enjoy it. Another undertaking of the class has been the Senior class play entitled "The Crimson and Blue" which was given at Vesper Hall May fourth. The play was surely representative of some of our class meetings. The final activities of the year culminated in the Baccalaureate Sermon, Sunday evening, May 13th, Commencement Exercises, Friday evening, May 18th, St. Paul's Lutheran Church, Alumni Banquet, I. O. O. F. Temple, Saturday evening, May 19.

Thus ends our high school cruise, and as we leave the familiar hall of Bolivar High School we wish to express our heartfelt appreciation to the instructors for their aid in helping us obtain a broader view of life.

Class Historian M. E. B.

## Red and White

The Red and White, a comic class play, was given by the Seniors in Vesper Hall on May 10, 1923.

All the members of the cast worked diligently on the play and it proved to be a big success.

An admission of twenty cents (20c) for children under twelve years and thirty cents (30c) for adults was charged.

The music was furnished by the High School Orchestra and the Seniors wish to thank the members for their service.

### SYNOPSIS

ACT. I.—A Class Meeting "Reconsider."

ACT. II.—The Last Experiment "Curiously enough the 'acid' was sweet!"

ACT. III.—Preparations, "The Red and the White!"

ACT. IV.—The Fateful Hour, "We've all got it bad, but we hope to recover!"

EPILOG—After Ten Years, "Ten years of penance, yet we all escape to tell it."

## Junior Class

Back Row (left to right)—Roland Kline, Otto Maurer, Wilfred Burk-  
hart, Vernon Thompson.

Front Row—Katherine Hickman, Laretta Lab, Florence Lash, Mag-  
dalene Lappin.

## Junior Class History

Hurrah! for the good times that were to follow the beautiful September morning when we Juniors first entered B. H. S.

The memory of our shyness on that day still haunts us. They say we seemed green, but within a few months we were quite at ease among our upper classmen.

As Freshmen we swelled the ranks to fifteen. With the exception of cutting paper dolls and attending masquerade socials the year passed swiftly to the dreaded exams, which turned us pale at first thought. With a few exceptions we retained our members and entered the Sophomore year.

The most extraordinary event in our Sophomore year was the patience with which we helped our Prof. absorb Caesar. Of course our books were worn out but not our heads. That winter the box socials and numerous spelling bees held at Vesper Hall were the main social attractions. Thus ended our Sophomore year.

After the many joys of vacation we again entered school with a new enthusiasm for our Junior year. Some found the work too strenuous and withdrew before completing, while others toiled laboriously on. Several times during the year we were called from the depths of our books to enjoy the pleasures of school life.

This year the Juniors were essential to B. H. S. because of their participation in High School Activities. They have taken an active part in debate, athletics and the orchestra.

With tears in our eyes we were about to bid dear old B. H. S. farewell when we were filled with felicity at the sight of our charter which proclaimed a first grade High School and meant another year for the Juniors. Thus we earnestly rowed up stream until now we have come to the brink of the Senior year.

Historian F. E. L.

## Sophomore Class

Back Row (left to right)—William Cushing, Floyd Liggett, Clifford Swank, Forest Whitmer, Karl Mase.

Middle Row—Russell Black, Walter Burkhart, Russell Willard, Henry Myers, Edwin Bixler, Russell Steenrod, James Fisher, Frederick Huth, Monroe Stahleker, Paul Mase, Gordon Kienzle.

Front Row—Rhetha Haldeman, Mary Wolf, Jennie Wright, Bernadine Labb, Florence Knecht, Katherine Rex.

## Sophomore Class History

On a memorable morning early in September 1921, something happened! It is hardly necessary to tell what, but just to refresh poor memories, it was the morning that the celebrated class of '25 made its first appearance at B. H. S.

O, never-to-be-forgotten event! (our first class meeting) was held that September too, over in the seventh and eighth grade room for the purpose of electing class officers. Next morning the teacher of said room was greatly excited, fearing the size of the bill of damages if the cyclone had entered any other rooms of the building. However, we were only twenty-five innocent Freshmen then. Ever since that hilarious election, the class of '25 has been noted for orderly, well conducted class meetings.

An interesting experiment was performed one morning by several class members. The equipment consisted of carbide, an ink bottle, and a cork. The cork is not yet recovered but the ceiling is repaired. As punishment a severe lecture on railroading was administered over in the laboratory. All participants were soon reported convalescent and are now completely recovered.

Early in the spring of 1922, Miss Wilson escorted her brilliant? Freshman Biology class to the Zoar woods. Most of the interesting occurrences are a profound secret, however the inquisitive person might ask Miss Wilson or William Cushing which is the better swimmer. Bernadine and Edwin might be willing to tell which was the nicest, a stone culvert or a certain mud-puddle. We learned that some Sophomores have a larger capacity for weiners and buns than others, obtained some plant specimens, and reached home at ???

Algebra, Elementary Science, English and Latin were finally pounded into the heads of this brilliant class, by two long-suffering teachers. After the terrors of that operative process, familiarly known as exams, we were ready, after four months vacation, to enter our Sophomore year. The aching void left behind was soon occupied by cute, little, inexperienced somethings appropriately named Freshmen, who though unable to fill the place of '25 are much better than nothing.

We are now twenty-three in number, having lost three members, and added one to our ranks. This year has passed pleasantly for all Sophomores, except a few, who have lately acquired the habit of sneezing (cause unknown.)

We star in athletics as shown by the fact that five Sophomores were members of the H. S. track teams and seven belonged to the H. S. boys' and girls' basketball teams. The captains of the two aforesaid teams are Sophomores, as are also three members of the H. S. debating team, and the art editor of this annual.

Hoping to see you all at commencement in 1925 where you will be royally entertained, and greeted with a glorious display of the blue and steel, we say farewell.

Class Historian M. W.

## Freshmen Class

Back Row (left to right)—Randal Garber, Russell Kienzle, William Allman, Halbert Laughlin, William Wright.

Middle Row—Gladys Wuske, Kathryn Laughlin, Ruth Malcuit, Marguerite Swank, Eva Steenrod, Edna Thompson, Margaret Helwick, Velma Strobel.

Front Row—James Carlin, Howard Bordner, Graydon Evans, Blaine Shetler, Maurice Helwick, Harry Notter, Walter Clark.

## Freshmen Class History

It was a day not to be easily forgotten when the class of '26 entered the Bolivar Hi. From the eighth grade to High School seemed a long jump, at least to us, as we were used to quiet eighth grade life and not accustomed to what High School life proved to be. We were very much pleased with the course of study offered for the Freshman year. The studies were: Algebra, English, General Science and Civics. Vocational Civics was offered the first semester and Community Civics the second. The first few days were strenuous as everything seemed so new and confusing to us, but after that we grew more used to this new life.

As time progressed, several, finding the work too strenuous for them concluded to discontinue the work and two of our members dropped out on account of sickness, reducing our class to nineteen. On Jan. 3rd, a meeting was held for the purpose of organization. The following officers were elected:

Margaret Helwick—President  
 Walter Clark—Vice President  
 Eva Steenrod—Secretary.  
 Kathryn Laughlin—Treasurer

Later a meeting was held to select the class colors which are blue and gold.

Our class has taken an active part in athletics and in literary work. We have also well attended and enjoyed the social events of the school. Although we may think we are in the best year we look forward to the future years in the good old Bolivar Hi.

"The Seniors call us Freshies green,  
 I'd think they'd be ashamed,  
 We're just as good as we are green  
 But for everything we're blamed."

Class Historian—Walter Clark

Dear Patrons and Friends of the School:

A resume of this last year's school work I believe we can truthfully say indicates that we have accomplished much good. The major undertakings are found in this booklet.

The degree of success attained in any school depends upon the teachers, pupils and parents or community. In regard to the teachers, I do not think that a more hard-working, capable group of cooperating teachers exists in the smaller school systems than have served you here at Bolivar this year. It is probably true that the school has not pleased you all but I wish to state that there is a difference between pleasing everyone and serving everyone. It has been our aim to serve you and at the same time to please you if possible.

The attitude of a number of pupils must change before a **high** degree of efficiency can be obtained. The state inspector mentioned this very emphatically when he visited us last winter. I am glad to note a big change in this respect this year.

George Peabody says, "That education is the debt due from the present to future generations." I wonder if we are meeting our debts in this respect. I know that most of us are, but are we all? The people realize the need and value of an education yet they limit the child in his endeavors to gain it. We are only too glad when the boy says: "Dad, I'll stay at home and help you." Oh! for enough backbone to say: "Son, go to school and help yourself, I'll get along."

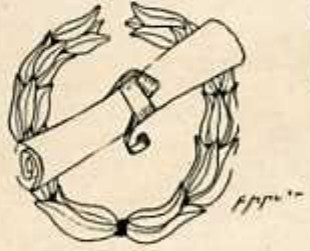

No boy or girl will learn who is not interested in learning. Let us create a desire within him that will make him a friend of books. There are hundreds of ways of doing this. I would like to suggest one that I think is splendid. You claim that you are interested in your boy and in school but I know that a great number of you do not know what your boy or girl has done from 8:30 A. M. to 4:00 P. M. on five days of the week for 8 or 9 months. This is an astounding situation. Why not, to show your interest and to enliven the child's interest, make it a regular and definite thing that your child tell you at (or after) the evening meal one new thing that they learned that day. If one little practice like this was followed, the success of the child's school work would be increased 100%. Do you think so?

The educative process is not a static thing. We would no longer be justified in using the methods of instruction of fifty years ago any more than the up-to-date farmer would be to farm as they did fifty years ago. Just as our "dear old brick" replaced some frame or log school-house so must **soon** a modern centralized school be instituted to take its place. Patrons and friends of the school be of good cheer! Just as big and bigger things were done in the past and the load was carried to a successful completion. However I do believe that Bolivar and community will be called upon to serve in a larger capacity. Bolivar can have as good a village school as exists anywhere if they but think so and act.

All credit is due the community for the successful completion of any undertaking. The teachers and pupils can do little without the support of the community. You have helped along nicely in this year's work. It is with pleasure that I invite you to give the same, yes better response for the next year.

R. E. Crow

## Athletic Association History

In October 1922 the High School boys and girls organized the athletic association for the purpose of supporting financially and morally all forms of high school athletics. Every high school student became a member of the association and each was assessed ten cents in order to have some money in the treasury to start work.

The association began to function by taking an active part in the field and track meet. Also a committee was appointed by the President to see about renting Vesper Hall for basket ball purposes. They secured the permission of the trustees to use the Hall, provided the school paid for all damage done during the games.

With its aid the high school was financially successful and obtained the necessary athletic equipment for the year besides paying for transportation and other expenses of the team. One source of the income of the organization was the commission earned by the selling of Hershey's candy.

In February the Association agreed to admit the Country Gentleman Campaign, the benefits of which were to go to this association.

The Association was divided into two sides, the Mutts and the Jeffs. The losers were to give a party for the association. The Mutts being the unlucky ones gave the party. This campaign was managed successfully and netted a considerable sum for the treasury.

The officers for the Athletic Association for this year were:

President—Kermit Bair.  
Vice President—William Cushing  
Secretary—Margaret Becher.  
Treasurer—Florence Lash.  
Cheer Leader—Margaret Becher.  
Asst. Cheer Leader—William Cushing

## Wendat Literary Society

In 1918 upon the suggestion of Superintendent Hoover the present Wendat Literary Society was organized in Bolivar High School.

The society's aim is to create and cultivate interest in literary work. We are proud to say that so far we have not failed in our aim.

According to our Constitution the society holds a meeting once a month to which the public is invited. A program is rendered that allows the members to exercise their ability and at the same time furnishes entertainment.

The programs for this year were very instructive and interesting. The outstanding program of the year was given in Vesper Hall at the Christmas party. A play "A Modern Christmas Fairy" was a special feature of the program. The characters seemed peculiarly fitted for their parts. And this made the play highly successful.

The society has thirty-three active members. The officers for this year were:

### First semester:

President—Kermit Bair.  
 Secretary—Margaret Charton  
 Program Committee—  
 Margaret Putman  
 Katherine Hickman  
 Edwin Bixler

### Second semester:

President—Geraldine Carlin  
 Secretary—Margaret Putman  
 Program Committee—  
 Retha Haldeman  
 Florence Knecht  
 Roland Kline  
 Faculty Advisor—Miss Doris Miller

## Katy Literary Society

The Katy Literary Society was organized in 1918 under the superintendency of Mr. Hoover. The purpose of the society is to promote interest in literary work in the High School. They chose a name not already famous in the field of literature or history, but which they hope to make great through their achievements. The constitution provides for a program of music and literary numbers every four weeks during the school year. We believe much of the pleasure of school life would be lost without these Friday afternoon literary programs, with their stormy debates, instructive papers, interesting readings, good music and best of all, the ever pleasing school news with spicy jokes and other local news.

This year the society amended the constitution so that more members might have an opportunity to hold office during their High School career. This amendment provided that upper classmen should hold the chair offices and that the officers should change each semester.

Another amendment provided for a critic to be chosen from each society for each meeting, hoping thus to develop on the part of the members a critical attitude toward productions and consequently procure more carefully prepared programs.

The officers and program committee who have contributed much to the success of the society this year are:

### First semester:

President—William Becher  
 Vice President—Ethel Kline  
 Secretary—Cosie Himes  
 Program Committee—  
     Margaret Becher                      Florence Lash  
     Magdalene Lappin

### Second semester:

President—Margaret Becher  
 Vice President—Ethel Kline  
 Secretary—Florence Lash  
 Program Committee—  
     Karl Mase                              Mary Wolf  
     William Cushing  
 Faculty Advisor—Miss Wilson

## High School Orchestra

Bolivar High School is proud of her Orchestra. In February the High School met and elected officers. Kermit Bair was elected President; Margaret Charton, Secretary and Ethel Kline, Treasurer. The officers then took charge and all those playing musical instruments joined. The following are members:

Clarinets—Kermit Bair, Paul Mase, Forest Whitmer

Trombone—Karl Mase.

Saxophones—William Becher, Roland Kline

Violins—William Rex, Edwin Bixler

Pianist—Margaret Charton

Assistants—Ethel Kline, Florence Lash

The association obtained Mr. Rini of Dover, Ohio, as their director. His ability has been proved by the progress made by the Orchestra.

Everyone has become much enthused over the Orchestra and several have found themselves to be musicians. There are many prospects for an excellent High School Orchestra in the future. It has become quite popular and has made several public appearances.

A concert was given April 14, 1923 to finance the orchestra. It was reported a grand success.

## The Spelling Club

Do you believe Bolivar Hi students can spell? Well if you don't you should have visited either the laboratory or Room 5 on any Tuesday or Thursday evening of the last few weeks. There you would have heard all kinds of words spelled in as fluent a manner as anyone could wish. Just as examples we might cite such words as amanuensis, saccharose and connoisseur. These and about five thousand others were mastered by the Spelling Club.

The history of the club dates back to Tuesday evening, March the sixth when all students interested in spelling met and organized. Roland Kline was elected President and Mary Wolf, Secretary.

The purpose of the club was not only to make its members better spellers but also to promote better spelling in the High School.

Such interest was displayed on the part of the members that on several evenings only the want of supper was able to induce them to cease their efforts.

Mary Wolf, one of the leading members of the club, represented Bolivar Hi in the county contest. Catherine Rex served as alternate.

Members: Mary Wolf, Catherine Rex, Roland Kline, Bernadine Labb, Geraldine Carlin, Eva Steenrod.

---

## The Charter

December 19, 1905, Bolivar Hi was granted a charter proclaiming her a third grade High School. The hearts of those old students were filled with joy when they caught first sight of it.

They were inspired and together with the Board of Education and community worked hard hoping that they might some day receive a second grade charter. Five years later on November 1, 1910, their hopes were answered and the new one was granted. They now had a three year High School. How glad every one was.

For thirteen more years the Bolivar community worked and planned for a better High School for their children. Mr. Morris of the State Department inspected the school last winter. He told the students they now had their High School to the standard where it could be called a first grade school. He said that a charter would be granted and could be kept only as long as our High School maintained this standard. Some of the improvements which help to make B. H. S. a first grade school are: (1) a more extensive course of study by which a person has a better opportunity to take the subjects that he likes, (2) an addition of one more teacher which makes possible the new subjects, (3) a larger enrollment which makes the school stronger in athletics, organizations, etc., (4) an extra room which is used for study only and enables the students to prepare their lessons better, and (5) the students can complete their high school course at home and do not have to go somewhere else for their last year.

This first grade charter was granted to Bolivar-Lawrence Joint High School, February 26, 1923. We sincerely hope that our High School can be kept to this standard so that our boys and girls can go out into the world well prepared to do their life's work.

## Affirmative Debate Team

Early last fall we began to plan for the County Debate by giving the prospective contestants an opportunity to develop their talent in the debates between the Literary Societies.

When the county question, "Resolved: That the open shop is to the best interests of the American people," was announced, work was begun at once. Two preliminary debates were held as part of the literary programs.

March the sixth, the debaters for the County contest were chosen and were called together by Miss Wilson for the purpose of planning more intensive work on the subject.

Night after night the affirmative team pored over material, wrote high sounding speeches and argued with the negative team.

On the eventful Friday of April sixth they boarded the train for Sugarcreek where they met their negative team.

The team was happy to win the debate although it was by the small difference between two hundred-ninety-four points and two hundred ninety.

### Affirmative Team:

Margaret Becher  
William Cushing

### Alternates:

Catherine Rex  
Margaret Charton

## Negative Debate Team

For several weeks before April the sixth, a light in the school house might be seen until a late hour on at least three nights a week. The negative debating team was working with the affirmative, in preparation for the County debates.

Under the careful and painstaking guidance of Miss Wilson the members of the team worked very faithfully. The question of open and closed shops occupied almost their every thought and only part of their dreams.

On the day of the debates, Mineral City came here to persuade them that "The open shop is to the best interests of the American people." According to the judge's decision Mineral City succeeded but our team remains unconvinced.

There was little difference in the total score which was three hundred thirty-five to three hundred twenty-six and a half.

Since Bolivar could not win the first prize we are very glad that our total number of points was great enough to entitle us to second honor, a small silver trophy cup.

### Negative Team:

Kathrine Hickman  
Mary Wolf

### Alternates:

Geraldine Carlin  
Magdalene Lappin

## The Bolivar Community Association

By S. P. Bittner

One of the most influential agencies for the progress of our town in the last few years has been the work of what is known as the Community Association of Bolivar. Altho it has been in existence only a short time, no one in the community can deny its effects for good upon the welfare of the town.

The Association had its birth in what was intended to become a parent-teachers organization. Thru the efforts of the county superintendent, Mr. Chas. Barthelmeh, a meeting was held in December 1920 for the sole purpose of arousing more interest in the school of our town. The direct result of that meeting was a resolution to organize a Parent-Teacher Society which would help to interest the parents in the school and also to attempt greater things for the betterment of our school. But when this committee, to whom the task of organizing had been delegated, gathered for their work, the greater field of the entire community arose above the smaller field of the school. They realized the definite relationship of school and community and it was then decided to bring forth an organization that would have in its scope of work anything that would aid in the advancement and betterment of the entire surrounding territory of which our town is the center. This would mean better roads, a larger school, closer relationship with surrounding towns, a more mutual understanding of conditions between the town residents and the rural people, in short, the program would grow as conditions arose calling upon it for solution and aid. Some community work which had been successfully accomplished under the Red Cross during the war period showed the possibilities of this project.

Accordingly when the proposed meeting was called in January, 1921, even tho only a small number responded, the keynote was sounded and enthusiastically taken up by those present. The constitution was accepted and the Executive Committee of eight members was duly elected. These in turn selected out of their number the officers for the coming year. Naturally some amount of skepticism was manifested among many who could see no direct need or influence which the new organization might show, but in time this has gradually all disappeared.

Perhaps it would be interesting to enumerate just a few of the activities during the time of existence. Owing to the important place which our roads play in the welfare of our town, this was looked upon by the Executive Committee as the logical place of attack for betterment. As a result of the community spirit and interest Bolivar will this year have completed a paved road connecting it with one of the main lines of travel in our section of the state. Trip after trip was made by one delegation and then another to the officials of the county to exert influence and pressure for this road and all of this time and work was given with the enthusiasm of men interested in the welfare of their town and its citizens. This act accomplished, efforts were directed upon the town itself with the result that its main street will be paved this year.

The Commissioners of Stark County and the Automobile Club of Canton are also aware that there is in our town a live group who are

making demands upon them but are also offering them cooperation. The number of trips made to the Tuscarawas County seat is no more than that made to the Stark County seat for not only as a town are we interested in a road to this town but also because the section of our community toward Canton had been heavily taxed for a road that had "no beginning or end." And we as a community organization were in duty bound to aid with our influence the claims of these farmers. No doubt another year will see this piece of road connected with a main line of travel.

One of the direct results of the publicity which the school has been given in our meetings has been the accomplishment of a first grade High School course which was given this year for the first time. Both the grade and the High divisions of our school have continually taken part in our programs with the consequence that no better cause could have made its plea for recognition than just this part of our community program. Thru the efforts of this organization was it made possible that the High School district was enlarged and a four year course instituted. The present enrollment in our school is the largest on record. This educational side of our program still has great possibilities for solution thru the Community Association.

As in every organization or institution there are often greater influences working indirectly thru its channels than are noticeable to the average individual, or, that can be pointed to as visible results. So with us. Under the splendid and tireless direction of the chairman of the program committee, Mr. E. T. Dieringer, the monthly program has been one of the decided successes of our program at large. Young and old have participated in these evening gatherings until our meeting place is now crowded beyond capacity on each evening. Octogenarians have given us selections of their school days; debates, plays, school programs and drills; original stories, music and song; all have had their place in the house of gathering; children below the school age have made their first appearance here; men with messages from the business world of our cities have come to have their talk preceded by selections from our midst. Several times a year speakers are called in from surrounding towns and larger communities to talk to us, while Lawrence Grange and three surrounding rural schools have given fine programs.

It has always been the endeavor of the Executive Committee to promote anything that will serve toward the advancement of our community. Because of this it has also taken over the winter Lyceum Course, endorsed and promoted interest in the Boy Scouts under the leadership of Mr. Oldroy; held the first Community Picnic, for which all business places closed, and at present sees many problems that will finally be solved by careful consideration and successful cooperation.

The present membership is about 135. Everyone above High School age is eligible while the children of the High School constitute a junior membership. The officers of the organization are: Rev. S. P. Bittner, Pres.; C. V. Hickmann, V. Pres.; C. J. Lebold, Sec.; E. C. Steenrod, Treas.

## Fifth Annual County Literary Contest

April 7, 1923, Bolivar entered the County Contest at New Philadelphia, Ohio. By preliminary contests the following people were chosen to take part:

|                                                                      |                      |
|----------------------------------------------------------------------|----------------------|
| First Grade Oral Reading                                             | —Carl Young          |
| Alternate                                                            | —Edward Wright       |
| Second Grade Oral Reading                                            | —Paul Wagner         |
| Alternate                                                            | —Mary Barthalemew    |
| Third Grade Oral Reading                                             | —Olive Carlin        |
| Alternate                                                            | —Floyd Burris        |
| Fourth Grade Oral Reading                                            | —Maxine App          |
| Alternate                                                            | —Clara Steenrod      |
| Fifth Grade Silent Reading                                           | —Ruth Foraker        |
| Alternate                                                            | —Lawrence Carlin     |
| Sixth Grade Silent Reading                                           | —Marjorie Cushing    |
| Alternate                                                            | Donald Lash          |
| Seventh Grade Silent Reading                                         | —Frederick Keefer    |
| Alternate                                                            | Marybel Case         |
| Eighth Grade Silent Reading                                          | —Dorothy Thompson    |
| Alternate                                                            | —Ralph Burris        |
| Marjorie Cushing won the pennant for the Sixth Grade Silent Reading. |                      |
| Fifth and Sixth Grade Spelling                                       | —Amelia Wolf         |
| Alternate                                                            | —Helen Mary Thompson |
| Seventh and Eighth Grade Spelling                                    | —Mildred Piersol     |
| Alternate                                                            | —Marybell Case       |
| High School Spelling                                                 | —Mary Wolf           |
| Alternate                                                            | —Catherine Rex       |
| Free-for-all Spelling                                                | —Mrs. Victor Lash    |

### High School Chorus:

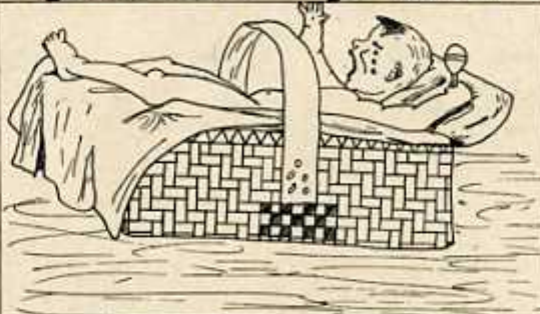

Soprano: Cosie Himes, Margaret Becher, Eva Steenrod, Margaret Putman, Margaret Helwick, Florence Lash, Bernadine Labb, Kathryn Laughlin.

Tenor: Roland Kline, William Cushing, Geraldine Carlin, Russel Steenrod.

Alto: Mary Wolf, Catherine Rex, Laurette Lab, Katherine Hickman, Margaret Charton, Marguerite Swank.

Bass: William Rex, Kermit Bair, Randal Garber, Blaine Shetler.

## Field and Track Meets

On Friday afternoon, October 20th, the Bolivar boys and girls track teams met the teams from Strasburg High School in a field meet at Bolivar. The meet was easily won by the Bolivar girls who out-classed their opponents making the final score of 16-24 in favor of Bolivar. The boys were not so fortunate but did their best.

On October 28, 1922, the County Track Meet was held at the Dover Fair Grounds. Bolivar found it harder to win there than at home but ranked third in the final score.

The Girls and Boys who took an active part were as follows:

### "GIRLS"—

Relay Race—Margaret Putman, Ethel Kline, Retha Haldeman and Edna Thompson.

50 yd. Dash—Retha Haldeman, Ethel Kline and Edna Thompson.

Basket Ball Throw—Kathryn Laughlin and Cosie Himes.

Base Ball Throw—Kathryn Laughlin and Cosie Himes.

High Jump—Eva Steenrod, Ruth Malcuit and Cosie Himes.

### "BOYS"

Relay Race—Paul Mase, Russel Black, Archibald Kline, Russel Steenrod

Shot Put—Kermit Bair.

100 yard Dash—Paul Mase and Archibald Kline

220 yard dash—Paul Mase and Russel Black

Pole Vault—Russel Steenrod and Forest Whitmer

High Jump—Forest Whitmer and Russel Steenrod

Broad Jump—Forest Whitmer and Russel Steenrod

## Boys Basket Ball Team

### BOYS BASKET BALL SCHEDULE

| Date                                | Bolivar     | Opponents |
|-------------------------------------|-------------|-----------|
| December 11—Tuscarawas at Bolivar   | 16          | 6         |
| December 15—Bolivar at Mineral City | 10          | 20        |
| December 22—Beach City at Bolivar   | 25          | 4         |
| December 29—Bolivar at Beach City   | 22          | 11        |
| January 6—Dundee at Bolivar         | 25          | 11        |
| January 13—Bolivar at Tuscarawas    | 7           | 8         |
| January 18—Magnolia at Bolivar      | 51          | 15        |
| January 27—Bolivar at Dundee        | 12          | 8         |
| February 2—Bolivar at Sugar Creek   | 7           | 18        |
| February 16—Mineral City at Bolivar | 12          | 46        |
| February 24—Sugar Creek at Bolivar  | 21          | 16        |
|                                     | Bolivar 208 | Opp. 163  |

## Boys Basket Ball

### ARCHIBALD KLINE "23" (Forward)

"Kelly" is a Senior and his place left vacant by his graduation will be difficult to fill. He excels in good, hard, consistent playing and is very successful in evading the best of guards. By his passing and following up under the basket the team gained many points.

### PAUL MASE "25" (Guard)

"Mike" has shown that he is capable of stopping the best of forwards. He always played ahead of his opponent (even if he did get down on his knees) he entered the work of the team with a bang and has done his share in winning many games.

### RUSSELL STEENROD "25" (Forward and Center)

"Steeny" earned his right to the captaincy last year and this year showed his ability to hold it. He had a remarkable eye for the basket and could generally outplay his opponent at either forward or center. Many long shots were made by him.

### WILLIAM BECHER JR. "23" (Forward) Manager

"Bill" has been our efficient manager. He played forward and will long be remembered for his shots from the corners. He was small but speedy thus making it hard for the opposing guard.

### KARL MASE "25" (Guard)

"Ike" was a player who threw himself into the game for all that was in him. His opponent found it difficult to make baskets, while at the same time Ike would slip up the floor and roll one in for Bolivar.

### GORDON KIENZLE "25" (Forward)

"Shrimp" shared with Bill the work of dropping the ball through the net from right forward. His smallness of stature was a handicap but his clever passing and shooting were a big asset.

### FOREST WHITMER "25" (Guard and Center Sub)

This is Whitmer's first year. He did not get a chance to play often but when he did he showed that some one would have to step to beat him out of a place by another year.

### RALPH E. CROW (Coach)

Much credit is due our coach for the splendid showing made by our teams this year. He believed that practice makes perfect and he practiced what he preached. Coach Crow did not miss one game of the season and he was back of the players all the time. We are very glad for his service to the teams.

## Girls Basket Ball Team

### GIRLS BASKET BALL SCHEDULE

| Date                               | Bolivar    | Opponent |
|------------------------------------|------------|----------|
| December 11—Tuscarawas at Bolivar  | 16         | 3        |
| December 22—Beach City at Bolivar  | 9          | 5        |
| December 29—Bolivar at Beach City  | 23         | 1        |
| January 6—Dundee at Bolivar        | 8          | 10       |
| January 13—Bolivar at Tuscarawas   | 12         | 6        |
| January 18—Magnolia at Bolivar     | 5          | 4        |
| January 27—Bolivar at Dundee       | 4          | 4        |
| February 2—Bolivar at Sugar Creek  | 2          | 12       |
| February 24—Sugar Creek at Bolivar | 0          | 15       |
|                                    | Bolivar 79 | Opp. 60  |

## Girls Basket Ball

### RETHA HALDEMAN "25" (Guard) Captain

Retha was Captain of the team this year and has played for two years. Her strength enabled her to be a valuable guard and she was especially successful in snatching the ball from her opponent. On account of illness she was forced to give up playing the latter part of the season.

### MARGARET PUTMAN "23" (Forward and Center)

Margaret's regular position on the team was that of forward but when necessity demanded it she was easily capable of playing center. She further served her team as its efficient manager.

### ETHEL KLINE "23" (Guard)

Ethel played guard for the B. H. S. team and she was noted for her quickness of action. Her faithfulness to the team at all times has been no small part of its success.

### MARY WOLF "25" (Guard)

Mary is among the best guards that ever represented B. H. S. This was her first year on the basket ball floor but she has proved to be successful in keeping her opponent from scoring. Her willingness and ability promise a successful future for her.

### KATHRYN LAUGHLIN "26" (Forward)

While still in the eighth grade "Catty" helped the H. S. team. With that training and her characteristic "pep" she has been a valuable asset to the team. Her specialty is the making of long distance shots.

### RUTH MALCUIT "26" (Guard)

This was Ruth's first year in the basket ball world but by her playing she has assured herself of future success. She always played hard and did her best to help the team win.

### GERALDINE CARLIN "23" (Forward)

"Dene" is another Senior who was ready to get into the game and stand by the team at all times. This was her second and last year on the team. She showed skill in caging the baskets when fouls were called. This fact has made her playing valuable at a crucial moment in several games.

### COSIE HIMES "23" (Center and Forward)

Cosie has been the chief point maker of the team. With her quick thinking and her speed on the floor, she has always played her opponent to a standstill. Her determination to win and her stick-to-it-iveness has served as a spur to the whole team. Much to the regret of the team and High School she was not able to finish the season because of an injury received while playing at Dundee.

## Base Ball

The prospects for the 1923 Base Ball Team look very bright. Owing to track and field meets last fall and the time they occupied we discarded this particular kind of sport. Due to the number of boys at Bolivar High this year, and the interest shown in this national pastime, the crimson and gray should have a strong nine.

At the time this annual goes to press we have not played any games because of the late spring.

We are going to wipe our slates clean of all previous defeats and make a try for a clean record this year.

Our coach, Mr. Crow predicts a good diamond crew and with enthusiasm running high at the first mixup Bolivar will be ready to answer the call.

# Bolivar High School Alumni

## Class of 1895

Mrs. Lottie Daley, Bolivar, Ohio.  
 Mrs. Blanche Yoder, 2141 W. 98th St., Cleveland, Ohio.  
 Kathryn Geltz, Bolivar, Ohio.  
 Mrs. J. V. Hawk, 1817 S. Arch Ave., Alliance, Ohio.  
 Julia Evans, (Deceased)

## Class of 1896

Imogene Lessick, 318 Oliver Street, Toledo, Ohio.  
 P. C. Hawk, East Sparta, Ohio., Hwd. Merchant.  
 E. D. Fisher, Bolivar, Ohio., Farmer.  
 E. Leota Bernard, (Deceased)  
 Margaret Kalaher, 404 Doyle St., Akron, Ohio, Bookkeeper.  
 Christ Weber, Strasburg, Ohio, Mgr. Weber Garage.  
 Ida Merten, 725 Reid Ave., Lorain, Ohio.  
 Herbert Black (Deceased)  
 James Keefer, 581 E. 101st St., Cleveland, Ohio.

## Class of 1898

Mrs. Clara Clark, 13604 Milan Ave., E. Cleveland, Ohio.  
 Mrs. Elizabeth Leiser, Bolivar, Ohio.  
 Mrs. Bertha Yaunt, 300 15th St., S. W., Canton, Ohio.  
 Oliver Yaunt, 300 15th St., St., S. W., Canton, Ohio.

CHORUS

## Jokes

Mr. Crow wrote on the back of Ralph's examination paper, "Write more legibly."

The next day Ralph asked, "What are those marks you made on the back of my paper, Mr. Crow?"

Kel, wrapped up in three coats one hot July day, was busily applying the paint to his Ford.

"Why, you poor fish," said Bill Rex, "why don't you wrap up?"

"You go on," retorted Kel angrily, "I want it to look as well as possible, and it said for best results use three coats."

Miss Wilson: "Name the seasons"

James Carlin: "Salt, pepper, vinegar and mustard."

Mr. Crow: "I'm getting some rare work from the freshmen."

Miss Wilson: "Rare?"

Mr. Crow: "Yes, not well done."

One of the Sophomores: "Teachers are worse than immigration authorities at Ellis Island nowadays."

Senior: "How come?"

Sophomore: "They've swiped the slogan, 'They shall not pass.'"

Paul: "Say, do you know Jim Fisher talks in his sleep?"

Gordon: "Why how's that?"

Paul: "He recited in class this morning."

Forest: "Well Kermit, how's the roads?"

Kermit: "Pretty fair, but a little muddy out towards Charton's."

Miss Wilson: "What become of the swine that had the evil spirit cast into them?"

Billy Wright: "They made them into deviled ham."

Mr. Crow: "Name one important thing we have now but did not have one hundred years ago."

Floyd: "Me."

Miss Wilson: "Russell, how would you punctuate this sentence, 'Miss Rex a lovely girl of fourteen walked slowly down the street.'"

Russell Black: "I would certainly make a **dash** after Miss Rex."

Margaret P. (watching ball game): "Where do they keep the extra bases?"

Forest: "What for?"

Margaret: "Why that man just stole second base."

Ethel: "You raised your hat to that girl. You don't know her do you?"

Karl: "No, but my brother does and this is his hat."

The front door bell was out of order. Mrs. Bixler instructed Edwin to put up some sort of notice to that effect. As Edwin is better at athletic games than punctuation he had some difficulty in getting the task finished. He finally put up this sign: Please Knock the Door Bell Out of Order.

Miss Wilson: "Now tell me the name of the insect which is first a tank and then an airplane."

Harry: "It's a caterpillar, which changes into a butterfly."

Archibald Kline: "Bill, when Mr. Crow says to you, 'I present you with this diploma, my boy, and hope you will improve in wisdom, knowledge, common sense and virtue,' what answer will you make to him?"

Bill Becher: "Why-er-I'll say, 'Thanks, the same to you sir!'"

Miss Miller: "Name some production in which the supply exceeds the demand."

Ralph: "Trouble."

The cows are in the meadow,  
The sheep are in the grass,  
But all the silly little geese  
Are in the Freshmen Class.

Mr. Becher: "Son, there's nothing worse than to be old and broken."

Bill: "Yes Father, to be young and broke."

Miss Miller: "Why is it James that you have been having your history better lately? Have you been getting help?"

James Fisher: "Yes mam."

Miss Miller: "Who from?"

James: "Mary."

Cosie: "What was it that Mr. Crow told us Mr. Spidell would do when he came over?"

Geraldine: "Talk over anything that is on our mind."

Freshman: "What does six times twelve equal?"

Mr. Crow: "Forty-eight."

Floyd who had sandy red hair,  
Once said to Bernadine Labb so fair,  
"Yes, for you I would die,"

But she said, "If you try  
Dye quickly, but surely, that hair"

Mr. Crow: "How many senses are there?"

Monroe: "Six."

Mr. Crow: "How is that? I only have five."

Monroe: "I know it. The other is common sense."

Margaret Charton came to school one morning wearing a daffodil. She was asked if their daffodils were out already. "No," she replied, "but Liggett's are."

Teacher: "Harry, is the earth round or flat?"

Harry Notter: "Round."

Teacher: "How do you know?"

Harry: "Well, flat then, I don't want to start an argument."

Miss Wilson: "What insect requires the least nourishment?"

Maurice Helwick: "The moth. It eats holes!"

Jim Fisher made a recitation in History at 2:56 o'clock, on Tuesday afternoon, October 24, 1922.

"Mr. Crow," said Archibald Kline a Senior, trying to be pathetic in parting, "I am indebted to you for all I know."

"Pray do not mention such a trifle," was the unflattering reply.

William Allman: "What keeps us from falling off the earth when we are upside down?"

Miss Wilson: "The law of gravity, of course!"

William Allman: "Well, how did folks stay on before the law was passed?"

Floyd Ligget: "Say, I pulled off something big last night."

Catherine Rex: "What?"

Floyd Ligget: "My Shoe!"

Miss Miller: "James, what birds are kept most in captivity?"

James Carlin: "Jail-birds."

Gordon Kienzle: "Can a person be punished for something he hasn't done?"

Miss Wilson: "Of course not."

Gordon: "Well, I haven't done my geometry."

Karl Mase: "I-er-really couldn't do without you, Ethel. You are the-er-very breath of my life."

Ethel Kline: "Oh! Karl, have you tried holding your breath?"
